6. Continuing Business – Discuss Transfer Station Ordinance Draft #21
  - a. Report from John Daigle concerning A-1.c.7, which deals with the amounts of CDD permitted for disposal into the Landfill.
  - b. Report from John Daigle Concerning DEP Regulations about the Transfer Station's right to refuse Demolition Debris and other Solid Waste (cf A-4 of the draft ordinance)
  - c. Discussion of A-5e: John Daigle is locating information to determine whether "gable" juice and milk cartons may be included in the definition of "mixed paper". Such cartons are, purportedly, no longer "waxed" and should therefore be included in the definition.
  - d. Review recent changes and resume discussions from November 17<sup>th</sup> meeting, commencing with Attachment B.
7. New Business – Shall we invite some business owners to discuss the disposal of Solid Waste particular to their operation (fish and shellfish industry, fertilizer industries, specialty farm products, etc). Members of the business community are particularly important; this committee may wish to be in direct contact with them while drafting the ordinance. Should the Committee consider drawing up a list of potentially interested parties?
8. Adjourn.
